PROGRAM : MEETING ON WEDNESDAY, April 23, 2008

President Robert Diaz and VP Prakash Pisipati introduced today's speaker, Jay Chernob. Mr. Chernob spoke about long term care. When people reach a stage of life where they cannot take care of themselves, they need help from either home health aides, assisted living facilities, day care facilities or nursing homes. Health insurance generally doesn't cover this type of care. Medicare and Medicaid may cover only a small part of the long term care costs which can be very high. Long term care insurance is a solution to this problem. The amount of the premium is based on the insured person's age and health. There are many types of plans offered by many carriers. There is an NYS partnership arrangement with the insurance companies to protect against inflation. There is a very favorable NYS income tax credit of 20% of the premiums paid for long term care insurance.

Bob Nostrand responded for the Rotary. He thanked the speaker for presenting clearly and concisely many of the facets of long term care.
